[to be sent to those putative class members who settled on or after September 8, 2005 and before Atlas instituted the prospective notice]

A lawsuit was filed against Atlas in September of 2005, entitled *Hilton v. Atlas Roofing Corp.*, No. 05-4204, in the U.S. District Court for the Eastern District of Louisiana. The plaintiff has asked the Court to make it a class action, and you could be a member of the class if it is certified. The Court has ordered that you may have the right to nullify your settlement with Atlas, but to do so you must file an application with the Court.
